*Michael Sowby*

**Data Compilation and  
Quality Assurance**

*Dr. Peter Ode*

**Database Development**

*Nora Maxfeld*

**Acknowledgments**

The Office of Spill Prevention and Response would like to thank the Port of Long Beach and the Port of Los Angeles for sharing species data from their most recent investigations. Special thanks to Randy Imai for his support with the field investigations and collection equipment operation, to Wardens Robert Farrell and Joaquin Mariante for their able assistance with the sampling effort in Humboldt Bay, and to Catrina Griner for providing staff support and contract administration.
